School Group Review: 2013-2014

Calendar: Begins: Wednesday, December 18, 2013  
Ends: Friday, January 24, 2014 at 3:00 PM

We will on Wednesday, January 15 at 1:30 and Thursday, January 23 at 1:30 to calibrate and check numbers.

Possible decisions: Admit, defer, deny

Things to Consider:

- Look for reason within the group. Reason is not defined by class rank or by GPA, but is defined within the terms of the holistic review we have been providing each applicant throughout the year.
- Academics matter. When used in a holistic review, SAT/ACT are better predictors than strength of program. This does not mean totally ignore transcript information in favor of testing. Rather, all else being "equal", the high tester with a more modest program is probably the better admit than the high program with modest testing.
- There is nothing magical about the top 10% of a class from a school that is urban or rural.
- Look for ADDR in the recruiting category. This means that we MUST do a third read to determine the decision.
- Be aware of additional considerations such as FGC, ethnicity, residency and alum status.
- If there is a "Y" in recruiting categories and you want to change that decision, make sure you check for comments before making the change. Most of these decisions cannot be changed. (NLR in the red box means "no longer recruited" and the decision is no longer protected.
